

# THIS MONTH AT NU

## ANOTHER SUCCESSFUL YEAR

Another year has passed and once again the chapter has been highly successful. The chapter now boasts a size of 93 Active Members. This past school year there were 22 initiates. Together the chapter participated in 30 different philanthropic events, contributing over 1,100 hours and raising

\$14,372 for charity. Additionally the chapter fielded 6 Intermural teams, co-sponsored Autism Speaks 5K, had four members attend conclave, 16 attend the Regional Leadership Conference in San Francisco, and held monthly alumni events.

## ALUMNI UPDATE: ANTHONY WRIGHT

This coming August will complete my first year in Kansas City, where I'm continuing to work for FEMA at our Kansas City office, and continue to find the job to be extremely rewarding. In my fair time I've joined Civil Air Patrol, the U.S. Air Force Auxiliary and was promoted to 2nd Lieutenant this past March. I've taken on the responsibility of Emergency Services Officer for the Lee's Summit, MO

squadron which means that I organize search and rescue and homeland security missions and training for the roughly thirty people in the squadron. I'm still traveling frequently, and have logged over 10,000 miles in the air so far this year. Most recently took a road trip with Bryce Riddle to LA for memorial day to catch up with all the SoCal Teke. If you're ever in Kansas City make sure to give me a call!

## ALUMNI UPDATE: ZACK SCHNEIDER

I'm finishing my 2nd year of law school at the University of Houston Law Center. I am on the Houston Law Review and will be an articles editor next year. Additionally, I won the hook Hardy Bacon award for Best Health Law Paper this year & will be published next year in the Houston Law Review. I worked last semester for Judge Jeff Bohm in the US Bankruptcy Court for the Southern

District of Texas. This summer, I am clerking at Berg & Androphy, a boutique litigation firm that does primarily White Collar Defense & Whistleblower litigation. This summer, I am planning on applying for clerkships. Additionally, I am the Executive Chair of the Advocates, an organization at U of H that organizes intermural moot court & mock trial competitions for U of H law students.

## CITY COUNCIL REJECTS STRICTER RESPONSE

After a few months of review, the Berkeley City Council has officially chosen not to adopt a measure that would increase the second response probationary period for residences from 120 to 180 days. The measure faced harsh scrutiny from the student population when it was brought up in January. Frater Oren Friedman advocated strongly against it,

speaking in front of the City Council with his IFC counterparts and pushing for more fair legislation to reflect the transitory nature of students. With tensions between the city and students still rather stale, the direction for students relative to the city is still uncertain. Hopefully there will be more answers and more sustainable solutions in the fall.

## Upcoming Events

[Alumni Oakland Athletics' Game](#)

[Postponed: New Date TBD](#)

[Oakland Coliseum](#)

Keep you eye out for more events next semester! If you would like to help host an alumni event in your area contact Anthony Wright at [awright@tkenu.com](mailto:awright@tkenu.com)

## Support the Chapter

### Donating Time and Skills

Looking to donate in a more interactive way? Consider donating your skills to the chapter. Both Nu Chapter and the Grand chapter are always looking for Alumni Volunteers. For more information on what you can do contact Anthony Wright '10: [awright@tkenu.com](mailto:awright@tkenu.com)

### Donating Things

The Chapter is always in need of many common house-hold items. If you have something you are considering throwing away or donating stop and ask to see if the chapter could use it. You can contact the chapter Prytanis at [president@tkenu.com](mailto:president@tkenu.com).

### Donating Money

Monetary Donations are always welcome and can help the chapter with various causes. Donations may be made online, by phone, or by mail.

**Share Your Story!**

Each Month This Month at Nu goes out to hundreds of Nu Chapter Alumni Across the country. More importantly it goes out to alumni who care about YOU!

You fellow Frater's really want to know what's going on in your life, it's our biggest request! So do you have news? Promotion at work, new job, move? Let us know what going on with you!

Please send your stories, requests, and updates to the editor,

Anthony Wright, at:

[awright@tkenu.com](mailto:awright@tkenu.com)

**SENIOR SENDOFF**

The chapter gathers in the living room to say goodbye to the graduating seniors

Prior to final farewells the chapter hosts a BBQ in the backyard

Chapter Alumni joined the graduating and undergraduate alumni during the final farewell.

## 2012 GRADUATES

## CHRISTOPHER LEE

Beginning in June, I will be working as a Financial Analyst for DaVita, one of the leading providers of kidney dialysis in the United States. I am excited to begin my career there and to work on projects such as estimating the impact of public policy decisions, financial forecasting, and evaluating

and improving clinical outcomes. It will be bitter sweet to leave the Bay Area, since I have really grown to love it, but I am at the same time looking forward to moving back to Southern California (and would love to connect with alumni in the area!)

## CHRISTIAN HANDLEY

My name is Christian Handley and I am walking this May but graduating in December with a Bachelors of Science in Mechanical Engineering. I joined Nu Chapter Spring of 2009 and haven't looked back since. I have two little brothers, Steven "The Stone" Edelstone and Alex "The Dutch" Hebels. After graduation, I will be joining the Ford College Graduate program in Detroit, Michigan, working in

Global Product Development on Sustainable Mobile Technologies. I've been both the Public Relations Chairman and Technology Manager at Nu Chapter, contributing to our parent's dinners and redesigning the entire website from the ground up into what it is today. I'll never forget my time at Nu Chapter, and I look forward to being a contributing TKE Alumni.

## BRIAN MANLEY

My final semester at Cal has been a whirlwind, but I'm looking forward to spending part of the summer celebrating by taking a two trips I've always wanted to take. I'll be starting with a few weeks visiting some family and sightseeing in Newfoundland, Canada. My mom's uncle is one of our relatives still on the island, and when he heard we'd be visiting, he promised to fill his barbecue with moose for us (which is an experience I thought should make every effort to have at some time in my life).

Upon returning, I'll be working for a few weeks with one of my professors at Haas, Lucas Davis, on his research on energy markets. I'm very interest-

ed in the energy industry, specifically in relation to climate change, and I'm excited to be exposed to academic research in this field. I may eventually try to settle in the Bay Area in some sort of role in energy (conventional or renewable), cleantech (or cleantech investing), or environmental policy or advocacy, but I'm not yet sure where exactly I'd like to get started.

Before I do any settling, my roommate and I have vowed to spend a few weeks traveling in British Columbia and Alaska, and this summer is as good a time as any. I'm looking forward to some adventures, as well as returning in the fall to catch up with friends and with TKE!

## ERIC TYE

After this summer, I will be living in San Francisco with fellow Teke alumni Kyle Meshna, Dain Adamson and Brett Goldstein. To earn beer money, I will be working at ZS Associates, an international consulting firm. This summer I have plans to travel to Aus-

tralia and Washington DC, both of which I am excited to see for the first time.

## BEN GREGORI

Hi, my name is Ben Gregori and I am a newly graduated political science and classics double major. Its hard to believe my time at Cal and at 2725 Channing Way is coming to a close. Even though I can safely say that time flew by, as I recall all of my fond memories with everyone at TKE, I realize just how fully we have taken advantage of our four years. From lazy afternoons in the backyard during summer, to the craziness of Summer of Love and RCB, to even the funeral for a brother's mother, I could not be prouder of the group of men that I call my brothers. Now, as I turn to the next chapter of my life,

the bonds I have developed and the experiences that have shaped me into who I am today have prepared me to take on the challenges of the professional world. I will pursue my path in political science, hoping to find a job that is within the international realm to make me a more competitive candidate for graduate school in a few years (and if anyone knows about relevant jobs or internships, let me know!) However, wherever my path takes me, I know that my friends and experiences in TKE have invariably changed me for the better and will continue to enrich my life.

## DAVID HERSCHORN

I am graduating with a BA in Development Studies and a BS in Environmental Economics and Policy. I am so proud to be graduating from the best university in the world and from the best fraternity chapter in the world. This summer I am off to a conference in Qatar to present my research on US foreign assistance to the Middle East and then I'm going to Nepal to backpack in the Himalayas

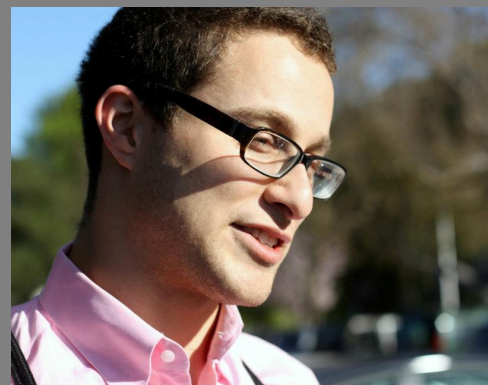

for a month before returning to spend 5 weeks at a Zen monastery near Carmel, CA. After that I have to finish up 3 more classes at Cal to officially graduate in December. After that I will work as a professional photographer in Berkeley until April when I will set off to backpack from the Canadian to the Mexican border on the Pacific Crest Trail. After that, I'll look for a real job. Carpe diem.

## BRETT GOLDSTEIN

Next year I will be working in the Accenture Technology Labs as an Analyst. My job is to help large companies take advantage of the newest developments in database and digital experience technologies coming out of startups and academia. Going through the pledge process and becoming close with the diverse group

of brothers in TKE taught me to embrace others for their differences, relate to others on a deeper level, and be proud of who I am. If I've learned anything in college, it's that confidence is everything and TKE is where I learned to be confident.

## OTHER GRADUATES

**Tom Paulino** graduated with a double major in Political Science and History. He will continue to live in Berkeley where we will be working as a scheduler for Michael Breyer's State Assembly Campaign

customer support for the startup WhatsApp in Mountain View, CA.

**Max Keeler** graduated with a degree in Political Economy and will be doing Spanish and Chinese language

**Curtis Hendrickson** graduated with a major in history. He will be living in San Clemente and will be attending UC Irvine's Graduate School of Education in pursuit of becoming a high school history teacher.
